DETAIL IT / COULD YOU HAVE AVOIDED THIS:

## CALM YOURSELF:

- Get out of your head-space
- Meditate (Pray)
- Take a walk
- Do another activity
- Who is your go to ... phone a friend

## LET'S DEAL WITH THIS (IF POSSIBLE):

What's done is done, try not to focus on it ... acknowledge that it happened and what you can do to calm yourself in the event it happens again (Relax). Is this stress preventable? Can you get around it? or is it reoccurring (Relate) + then ... let it go (Release). And if you cant let it go, step away from it, and get to it once you've had time to focus.
